Customer Service Policy

Just A.S.K.

We take pride in being...

- Accessible
- Service-Oriented
- Knowledgeable

As a library staff, our first priority is to the people we serve. When coming to the library most patrons have a goal in mind, whether it is to read for pleasure, seek information, study, or simply find a quiet place to relax. We will encourage both adults and children to rely on the wealth of resources that can be found in a library. We desire to provide an environment that is safe, orderly, and harassment-free. Those entering our doors will receive prompt, efficient, and accurate service. We value teamwork and cooperation in seeking to fulfill the needs of our patrons.

Every Patron Is Important

We do not discriminate and offer the same quality of service to all regardless of age, race, sex, nationality, educational background, physical limitation, or any other criteria.

- All patrons will be treated with respect.
- Judgement calls will be made flexibly with all patron's needs in mind.
- All effort is made to fill patron requests using a wide variety of resources. A response of "I don't know" from the staff is not acceptable and we will try not to let anyone leave the library without following through on every possible avenue for answering requests.
- We will not assume patrons know how to locate information without orientation from the staff. We will take steps to make sure the library's collection programs, and services are as convenient and user-friendly as possible.
